How to measure your head size

With a tape measure, measure around your head where the hat would rest, which is at the middle of the forehead and at back of the skull, leaving a 1 cm space above the eyebrows and ear.

Hold the tape measure comfortably, as you would want your hat to fit. We suggest not to tightly. If your measurement falls between two sizes, we recommend that you choose the larger value. This will make wearing the hat more comfortably.

Size correspondence

CM	54	55	56	57	58	59	60
INCH	21	21 ^{1/2}	21 ^{7/8}	22 ^{1/4}	22 ^{5/8}	23	23 ^{1/2}
US SIZE	6 ^{3/4}	6 ^{7/8}	7	7 ^{1/8}	7 ^{1/4}	7 ^{3/8}	7 ^{1/2}
